

CENTRAL INTELLIGENCE AGENCY (CIA)

6-17-81  
*DRAFT*

The CIA supports and sponsors biomedical  
and behavioral research.

Authority: Executive Order 12036 (January 24, 1978); Regulation

STAT

[redacted] letter (June 16, 1980) from Frank C. Carlucci, Acting Director.

Applicability: The Executive Order requires that all research conducted or sponsored by the Intelligence Community comply with the HHS regulations (45 CFR 46). Regulation [redacted] incorporates the Executive Order into the operating regulations of the CIA.

STAT

Review Procedures: The CIA adheres to the provisions of HHS regulations (45 CFR 46). Contractors are required to provide a formal institutional assurance of compliance with HHS regulation (45 CFR 46), certification of IRB approval of the proposed research, the identity and qualifications of IRB members, and a copy of the IRB approved consent release. These items are subject to review and approval by the Director.

Review Standards: The CIA requires that those conducting the research adhere to HHS regulations (45 CFR 46).

Reporting of Injuries: CIA research program managers conduct site visits at least once a year. No injuries or departures from approved protocols have been reported or discovered since adherence with the HHS regulations (45 CFR 46).
